Subject: Notice of File Closure and Release of Reclamation Surety, Kimball Gardner, Musselman Pockets Mine, S/053/0056, Washington County, Utah

Dear Mr. Gardner:

The Musselman Pockets mine, file number S/053,0056, located in Washington County, Utah, will now be closed and the file retired.

On December 7, 2012 a site inspection was performed and it was determined that the site has satisfactorily been reclaimed to a commercial post mining land use, and can be fully released.

We have written to Wells Fargo Bank authorizing them to release the certificate of deposit they are holding for this project (copy attached).

You are hereby released by the Division from further reclamation responsibilities at this site. If you wish to conduct any future mining or exploration related activity in this area, you will need to submit a new Notice to the Division and other appropriate agency(s), and provide reclamation surety prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5261 or Lynn Kunzler at 538-5310. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Paul B. Baker

Minerals Program Manager
